

RC GRAPHICS, LLC SCOPE LIABILITY WAIVER

I understand that by allowing RC Graphics, LLC to apply hydrographics to my firearm scope, that flooding may occur and will not hold RC Graphics, LLC responsible for any damage related to the immersion of the scope in water. I understand that the process of hydrographics includes the scope being fully submerged in water and I am willing to allow this process to take place even though my scope could be damaged.

I acknowledge that some scope manufacturers make claims related to waterproof or water resistant scopes have done so without the consideration that the product could be totally submerged in water. I understand that if damage occurs, the manufacturer may void my warranty.

I give RC Graphics, LLC permission to apply the hydrographics to my scope and fully understand the risk involved.
